This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

The pre-application seeks a second floor roof extension to the existing farmhouse.

Two options have been submitted

Dwg 108 BLD SK 04 ; Dwg 108 BLD SK 05

Option SK 05 shows the windows and stone headers/sills would be lifted on the rear elevation which would mean that the back wall would need taking down and re-building and which could result in the rear elevation appearing as a first floor extension rather than retaining a traditional farmhouse appearance.

Option SK 04 would only require the raising of the roof with no interventions to the existing window levels. This would result in a wider gap between the header of the first floor windows and eaves level but stone caps and corbels would be added below the new eaves level which would help to break up this area and provide a visual relief.

The applicant has stated preference would be the development detailed in dwg SK04 and this would be acceptable to the LPA, subject to the submission of a planning application, details of the works proposed and Green Belt statement.

As the development would relate to the farmhouse, an existing dwelling, the application would be for a householder extension.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No
