Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Change of use of land to domestic curtilage & stables to a living space. The Stables have had no use for the previous 30+ years and have been left in relatively poor condition so the development will be for the betterment of the land. The conversion to a useable space falls within the permitted development rights on greenbelt land. As seen in the attached drawings we are adding no additional space will be added to the stables we will be developing the layout that is currently on site.

Also, the stables due to the location on the clients plot are not visible from any of the neighbouring properties however, the design with the white render is within keeping to the local area.

The client also has an electric supply to the stables & the septic tank is adjacent also, meaning services to the redeveloped stables are easily attainable.

The works will include the addition of two steel beams to allow the removal of two internal walls, the creation of a new window & door to the right side, blocking out 2/4 reveals with the expansion of one reveal to 2.4m to allow the installation of double French doors and a single door to the other (Installation of two new lintels), insulated render to all external walls & plasterboard internally. Installation of stud partitions to create a kitchenette & WC which is to be plumbed into the septic tank located in the garden.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

The stables has no current use.

Is the site currently vacant?

- ☒ Yes
☐ No

If Yes, please describe the last use of the site

The last use of the site was private stables. However, the development structure has not been used as stables for 30+ years so has been an unused space for a considerable amount of time, in this period limited maintenance work has been carried out meaning the proposed development will maximise the use of the space again with the proposed designs keeping the design in keeping with the current structure maintaining the white render and concrete tile roof.

When did this use end (if known)?

01/08/1993

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
