Proposed Side Elevation (From the Rake)

NOTES:		CONTRACT:		TITLE:	
Side fence erected for the following reasons: To safeguard our dogs from a 2.5m sheep drop down to the road (see below and from a security perspective. Our dogs were barking at all the movement from vehicles and neighbours previously, which caused much stress. Due to the elevated position of our garden and the surrounding land to provide our neighbours and ourselves some privacy. Our Master Bedroom and main Bathroom were highly visible. Without this fence there is no part of our rear garden that we can enjoy without being in full view to all of our neighbours on Douglas Street / Cae. The erection of the fence has had no adverse affect on light or our neighbours view, the only new some properties had was directly into our rear garden.		50ft FENCE TO NORTH EAST SIDE, ADJ. PINE!
