 - The extension will not exceed 50% of the land around the house and the proposed extension is to be constructed wholly within the legal site boundary to the application site
 - It is to the rear of the property and not forward to the principal elevation
 - Materials will be similar in appearance to those of the existing house
 - Maximum eaves and ridge height of the extension is no higher than existing house

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Please state the applicant's interest in the land

- ☒ Owner
